

The RICOWI Foundation, Inc.

Support the RICOWI Foundation, Inc. alongside your colleagues as it works to secure and distribute grants for studying the impact of extreme weather on building structures. With severe weather events becoming more frequent and causing significant damage, it is crucial to enhance our understanding of these effects and improve the resilience of buildings for the future. This year's Challenge requires a commitment of \$2,500. Once \$25,000 is raised, pledges will be billed and due. Your contribution will help the Foundation create lasting change.
